

AMBULANCE PROVIDER DAILY LOG ON

APPROVED: _____
EMS Medical Director

EMS Administrator

1. At the beginning of each shift ambulance crews will contact Public Safety Communications (PSC) and provide the following information in order to log on into the system:
 - 1.1 Medic Unit Call sign
 - 1.2 Both the employee ID and portable radio numbers assigned to each crew member
 - 1.3 Vehicle Number and in-unit radio number
2. Upon log-on, PSC will perform a test call alert of each unit to ensure that the message from dispatch is received.
3. In the event that a crew needs to replace a portable(s) or perform a rig or crew exchange, the crew will notify Public Safety Communications of any changes associated with the information addressed in Section 1 of this policy.
