A 120 day extension may be granted for permits which have not been used during the original 120-day time frame, if applied for prior to the original permit expiring. The Permit Extension fee is 50% of the fee (at the time the extension is requested) for the work.

Should cancellation of field work not occur in time and GPP staff attempted to perform an inspection, the consultant will be billed an Inspection Cancellation fee. The Inspection Cancellation fee for 2017 is \$342.00.

Please make all checks payable to San Mateo County. Permit applications are available through the Groundwater Protection Program (650) 372-6200, and are available electronically in PDF format online at <http://www.smchealth.org/gpp>
