

Honoring Housing Heroes

Join us to recognize those who go above and beyond to support people with mental health and substance use conditions

Safe, affordable housing is an essential part of the mental health recovery process

1 in 4 people have a mental health condition but less than half get the help they need.

One way to help is to provide stable, affordable housing so people have the opportunity to recover.

Join members of the San Mateo County Board of Supervisors and Behavioral Health and Recovery Services (BHRS) to honor individuals who have helped people find or stay in stable housing so they can recover and maintain good health.

Hear inspiring stories from BHRS clients about these caring and compassionate Housing Heroes who make a difference and change lives.

Please share this invitation with others!
