Health insurance is available regardless of immigration status through a combination of Federal, State and County programs

Sign up for insurance starting November 1, 2017. Information shared in health insurance applications is confidential.

Most people qualify for financial help but don't know it. Do you earn less than \$48,240 or does your family of 4 earn less than \$98,400? Then you are eligible for financial help. **Don't leave money on the table!**

If you currently have a health plan, look for a renewal notice in the mail. Health plans must be renewed annually.

Apply early! Enroll by December 22 to avoid paying a penalty and be covered starting January 1. January 31, 2018 is the deadline to enroll and get subsidies through Covered CA.
