 MHSA Three-Year Program and Expenditure Plan for FY 17-20

## Community Program Planning (CPP) Process

San Mateo County is committed to engaging a diverse group of stakeholders using a Community Program Planning (CPP) process to ensure that communities that are experiencing mental health and substance abuse issues are heard in each phase of the process. Input is gathered at existing County meetings, targeted input sessions, online surveys, and through formal public comment. During the FY 17-20 Three Year Planning Process, San Mateo County hosted two public meetings, the CPP Launch Session on March 13, 2017 and the CPP Prioritization Session on April 26, 2017. Over 270 participants were in attendance, 156 demographic sheets were collected and of these 37% identified as clients/consumers and family members. 36 stipends were provided to consumers/clients and family members for their input.
