

Welcome & Agenda

Workgroup Objectives

Local MHSA decision making structure

Phase I: Survey Development

Survey Feedback:

- Edits were made live to many questions additional discussion of the following:
- AOD as a barrier to receiving MH services
 - Add to the survey
 - Cal aim will help to address this but not digging deep substance use disorder issues and treatment providers
 - Chronic homelessness to get housing, chances that wont use substances are slim to none
 - No good methodology for combining the two so we are more effective
 - Stigma, integrated services
- Marketing of the survey, general public and communities not limited to medical recipients, private insurance
- Peer support

Survey Distribution

- How are you able to help us with the distribution of the survey to your network?
- Who are the organizations or individuals you will you send the survey to?

Input Sessions

- Training opportunity in late January date is TBD

Stakeholder Groups Discussion

- Community Input Sessions
- Organizations to connect with for input sessions (may be captured in contractors association meeting)
 - CAMINAR
 - Telecare
 - MHA
 - Onelife
 - Carasolis
 - Starvista
- Homework to connect Tania and Doris to organizations that you are a part of that can hold an input session

Parking lot

- Michael wants to be more involved with justice involved efforts and wants to join that information session
- Traq and fentanyl use in community
- Current MHSA funded programs
- Assessment of resources allocated, gaps, best practices for Areas of Focus
- Limitation of MHSA (% allocations)
