POOL AND SPA DEMOLITION PROCEDURES

Effective January 1, 2017

Facility owner(s) that would like to demolish its pool/spa must fill out a San Mateo County Recreational Health Application, and pay the applicable Pool/Spa Minor Remodel Fee. Application and Fee Schedule can be found on our website at smchealth.org/pools. A copy of the local Building Department Demolition Permit and a copy of the inspection report/building card must be submitted along with the application.

Once the application is submitted, it will be reviewed within 30 business days. If any of the necessary documents are missing, the approval process will be delayed. After the application is approved, an inspection will be conducted to verify that the pool/spa is destroyed, and all equipment is removed from use. Your Environmental Health Permit will be inactivated, and the account for the pool/spa will be closed.

Please contact the Environmental Health Services Recreational Health Program for any questions at (650) 372-6236.
