

## What to Bring to Your Health Coverage Screening Appointment

In order to determine your eligibility for any of the public health insurance/coverage programs or coverage through the State Health Insurance Exchange (Covered CA), you may be required to submit information verifying your identity, income, residency/immigration status and/or property. To speed up the application process, it would be helpful if you bring the documents below to your initial meeting. Please note that all documents must be current, fully legible and, if available, originals. Not all verifications are mandatory for all programs. Please confirm when scheduling your appointment which of these verifications might apply to you.
