Fiscal Year 2017-18
ARER Instructions**

- For detailed instructions, see Enclosure 2: Instruction Manual for Fiscal Year 2017-18 of the MHSA Annual Revenue and Expenditure Report.
- These worksheets are used to report the total expenditures for each MHSA-funded program. Expenditures should be recognized in the period that the fund liability is incurred. (Accounting Standards and Procedures for Counties, State Controller's Office (SCO), February 2018).
- Counties must report any expenditure that occurred between July 1, 2017 and June 30, 2018, on the appropriate component worksheet.
- Counties should reflect total (gross) program expenditures for each MHSA program on the MHSA Component Expenditure Worksheets.

Step 1: Complete the Information worksheet	The information provided on the Information worksheet automatically links to worksheets in the ARER. This worksheet eliminates the redundant entry of county name, code, and date on worksheets.
Step 2: Complete section one and two of the Component Summary worksheet	Section one: Enter the balance of Prudent Reserve and the Interest earned on the Local Mental Health Fund. Interest earned on local MHS fund is to be reported in total.
	Section two: Enter the component revenue received from prudent reserve transfers. Additionally, the worksheet is set up to distribute the interest reported in section one across CSS, PEI, and INN components according to 76%, 19% and 5%.
	Section three and four: These sections are linked to the remaining component worksheets and will auto populate as the county completes each individual worksheet.
Step 3: Complete each component and adjustment worksheet	In general, counties will enter expenditure data in the blue boxes throughout the workbook. Cells shaded gray will require no data entry because it is an excel formula or data is not relevant for that particular cell.
Step 4: Review the Component Summary worksheet	Counties should verify that each section of the Component Summary worksheet accurately reflect the expenditures reported on the component and adjustment worksheets.
