ATTACHMENT: A: Contractor Monthly Credentialing Verification Spreadsheet

AMENDED: February 14, 2017

PURPOSE:

To ensure that all Behavioral Health and Recovery Services (BHRS) Contracted Organizational Providers employ staff members eligible to provide services charged to or associated with a federal health care program.
To ensure that all required on-going credential checks are conducted.

DEFINITIONS:

For the purpose of this policy, Contracted Organizational Providers are those agencies that provide a State or Federal reimbursable service to a client referred, authorized or managed under the terms of a contract with San Mateo County.

POLICY:

Employees of BHRS and of County Contracted services must be screened for any federal or state exclusion, debarment, licensure or section registry that renders them ineligible to perform work related directly or indirectly to Federal or State health care programs. Claims for services that are submitted for reimbursement to any Federal, State or private source shall be based on complete and timely credentialing in accordance with applicable Federal and State regulations and with applicable BHRS policy.
San Mateo County BHRS will not contract with an individual or entity whose name appears on any federal or state exclusion, debarment, licensure or section registry that makes them ineligible to perform work related directly or indirectly to Federal or State health care programs. If the individual or entity with which San Mateo County has a relationship falls into any of the debarred categories, San Mateo BHRS will cease contracting with the entity or individual. Contractors will provide information using Attachment A for all new employees.

If an individual provides satisfactory evidence that they are not on the Office of Inspector General (OIG) and the Medi-Cal Suspended and Ineligible and Medicare Exclusion lists, that individual may be considered eligible for employment or contract.
- If an individual is found to be excluded on a monthly review they will immediately be stopped from providing services, and billing will not be submitted to BHRS for reimbursement. Any claims to Federal and State funds will be blocked by BHRS program administration.
- If credentials are not able to be verified, the individual should not be hired or contracted for clinical, medical or any position requiring credentials. If the individual’s National Provider Identifier (NPI) is not up-to-date or the individual does not have an NPI, the individual must update or obtain an NPI before the contractor will allow them to provide services.
- Quality Management will immediately notify MIS to block the individual(s) from billing to any payer. Any submitted billing submitted after the date of exclusion will be voided.
