EMS RADIO COMMUNICATIONS SYSTEM

I. PURPOSE

This policy defines EMS system radio operations and operating frequencies for San Mateo County.

II. AUTHORITY

California Health and Safety Code Division 2.5, §1797-1797.207; California Code of Regulations, Title 22, Division 9

III. EMS RADIO COMMUNICATIONS SYSTEM

The Wireless Communications System for San Mateo County is a county-wide UHF “T-Band” radio system that provides narrow band digital trunking and wide band analog conventional operation with mobile radios, portable radios, and control stations. Each agency has its own assigned “Channels.” Additionally, all agencies have a series of “County Common” and “System Common” Channels that allow for communication amongst the various system users.

IV. RADIO ETIQUETTE

All radio traffic shall be conducted in strict accordance with FCC regulations and County policies. Unprofessional conduct and/or comments on any EMS radio channel are strictly prohibited.

V. CHANNELS

A. RED Channel (Zone A) Usage

1. Dispatching calls for service
2. Tracking of units on calls for service
3. Dispatching of post assignments
4. Tracking of status changes

B. Hospital Channels (Zone A) Usage

1. Principal communication Channels between field units and each receiving hospital. The Channels are as follows:
 - a. Mills-Peninsula – PEN or PENINSULA
 - b. Stanford – STAN or STANFORD

- c. Seton – SETON
 - d. Kaiser Redwood City – KSR RWC
 - e. San Mateo Medical Center – SMMC
 - f. Kaiser South San Francisco – KSR SSF
 - g. Sequoia – SEQUOA
 - h. Santa Clara Valley Medical Center – SC VMC
 - i. San Francisco General – SF GEN or SF GENRAL
 - j. St. Francis – ST FRAN or ST FRANCIS
 - k. Seton Coastside – SET CST or SETON COAST
 - l. Palo Alto VA – PAVA
 - m. Dominican Hospital – DOMINICAN
- C. Tactical Channels are designed to be used by EMS units for communication between vehicles and personnel for the purposes of medical supervision and instruction for treatment and transport of patients. Tactical Channels available to EMS units include:
- 1. YELLOW: Trunked Channel that is used for unit-to-unit communications.
 - 2. Simplex (Soft Key) Non-trunked Channel used for unit-to-unit communications outside the trunked system coverage area.
 - 3. County Commons 1-4 (Zone B) Channels programmed to communicate with other San Mateo County specific departments or agencies that use the trunked radio system.
 - 4. System Commons 1-4 (Zone B) Channels programmed to communicate with all trunked Radio system users within San Mateo County including cities, special districts etc.
 - 5. MCI 1 & MCI 2 (Zone C): Channels dedicated for the coordination of medical resources during a multi-casualty incident.

VI. CHANNEL USERS

The following is a listing of the system users and respective channels used:

- A. RED Channel
 - 1. 911 System Ambulances
