PRIVATE PROVIDER NETWORK

San Mateo County has a long standing commitment to collaborate with community partners, individual mental health professionals and counties to provide mental health services that enhance and support the lives of our residents. It is our goal to support our residents through services that are flexible, responsive, and professional.

The people we serve come from all walks of life, different ethnic backgrounds, varying age groups, and span the length and breadth of our county. Additionally we serve youth and young adults placed out of county in Foster Care or adoptive homes. Our clients are typically recipients of San Mateo County Medi-Cal, Healthy Kids and/or are Health Plan of San Mateo County CareAdvantage beneficiaries.

COME JOIN OUR TEAM!

If you are looking to enhance your private practice, then we are looking for you to join our private provider network. We are actively seeking LCSW's, LMFT's, LPCC's, Psychiatrists, Psychologists, and Nurse Practitioners. San Mateo County Behavioral Health and Recovery Services provides a broad spectrum of mental health services for children, youth, families, adults and older adults experiencing mild to moderate mental health symptoms.

AREAS OF NEED:

Although the needs of our residents constantly change, currently we are in need of:

- Spanish speaking providers (all disciplines).
- Providers who work with children and families.
- Providers who specialize in working with trauma.

ADVANTAGES FOR YOU

We realize that your time and expertise are valuable, and to honor your commitment to working with our clients, we work closely with you to provide equitable compensation and support, including:

- Highly competitive reimbursement rates.
- Additional rates for bilingual services.
- A Provider Relations Coordinator dedicated to providing support to you in your work with clients.
- A chance to build your practice, or if you're already established, a chance to give back to your community!
