What is CalAIM again?

CalAIM is:

*(California Advancing & Innovating Medi-Cal)
2022-2027*

CalAIM is a long-term commitment to transform & strengthen Medi-Cal

Goal 1

- Implement a whole-person care approach and address social drivers of health.

Goal 2

- Improve quality outcomes, reduce health disparities, and drive delivery system transformation.

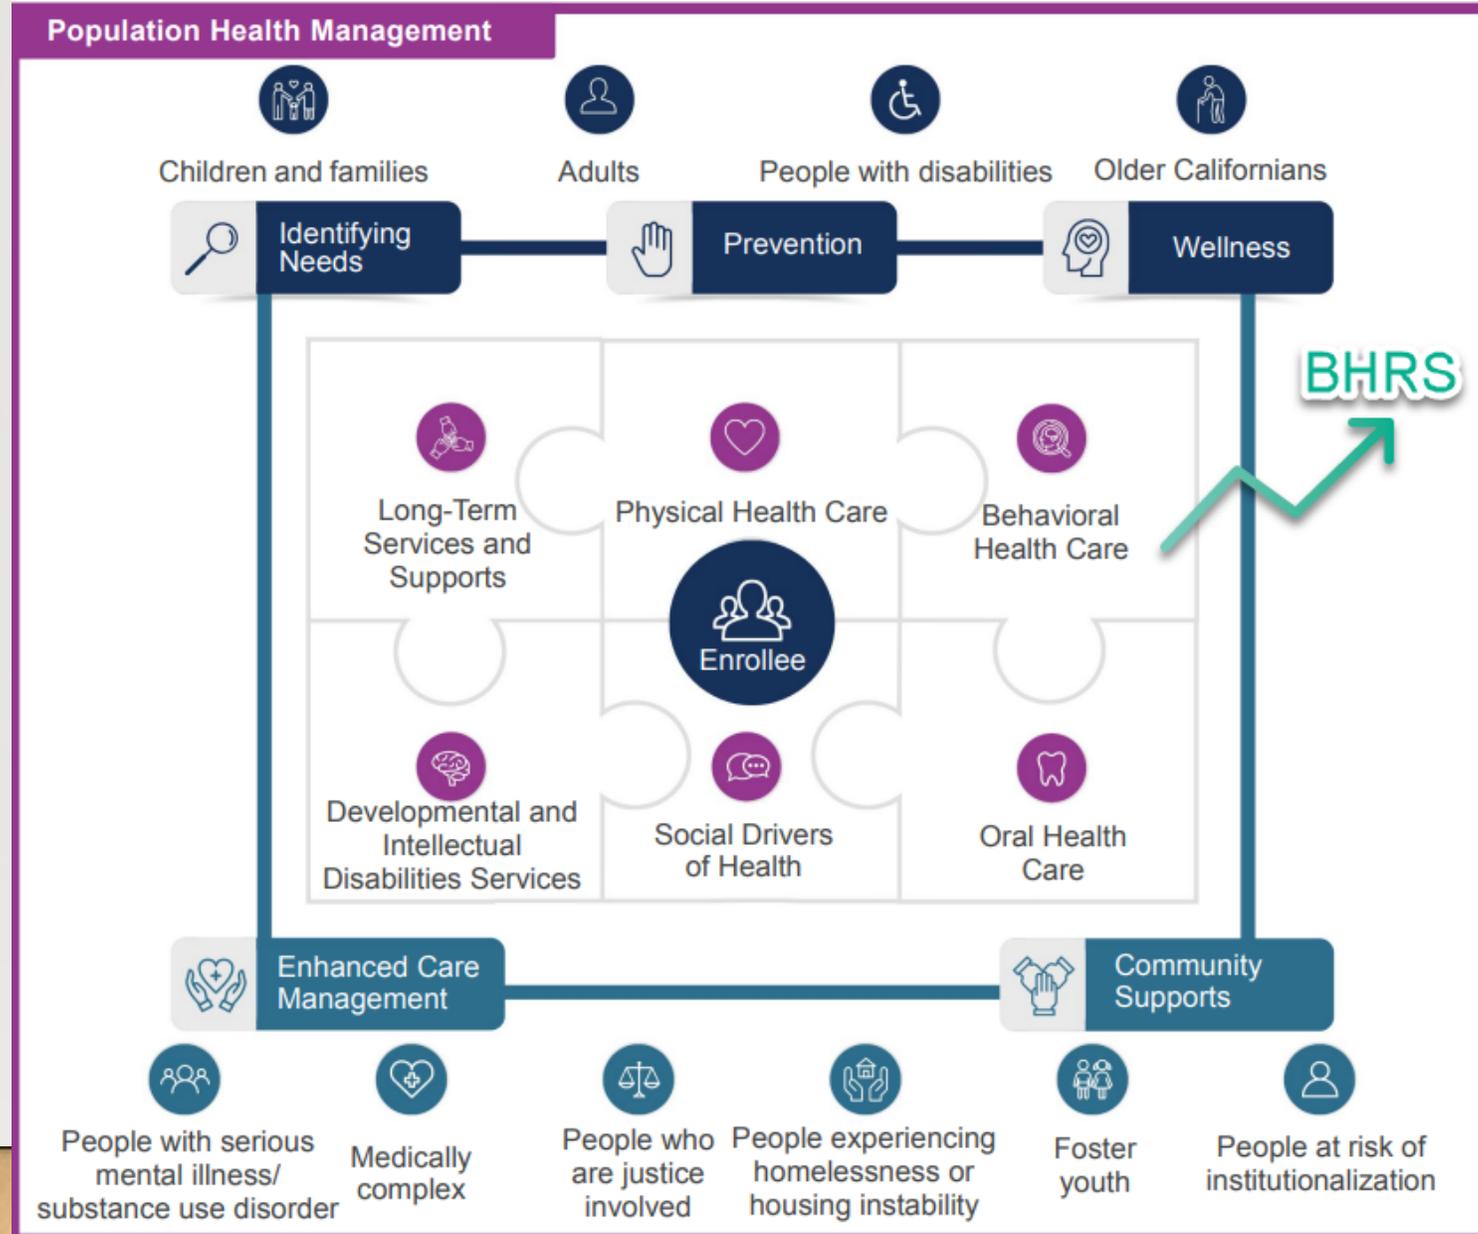

Goal 3

- Create a consistent, efficient, and seamless Medi-Cal System

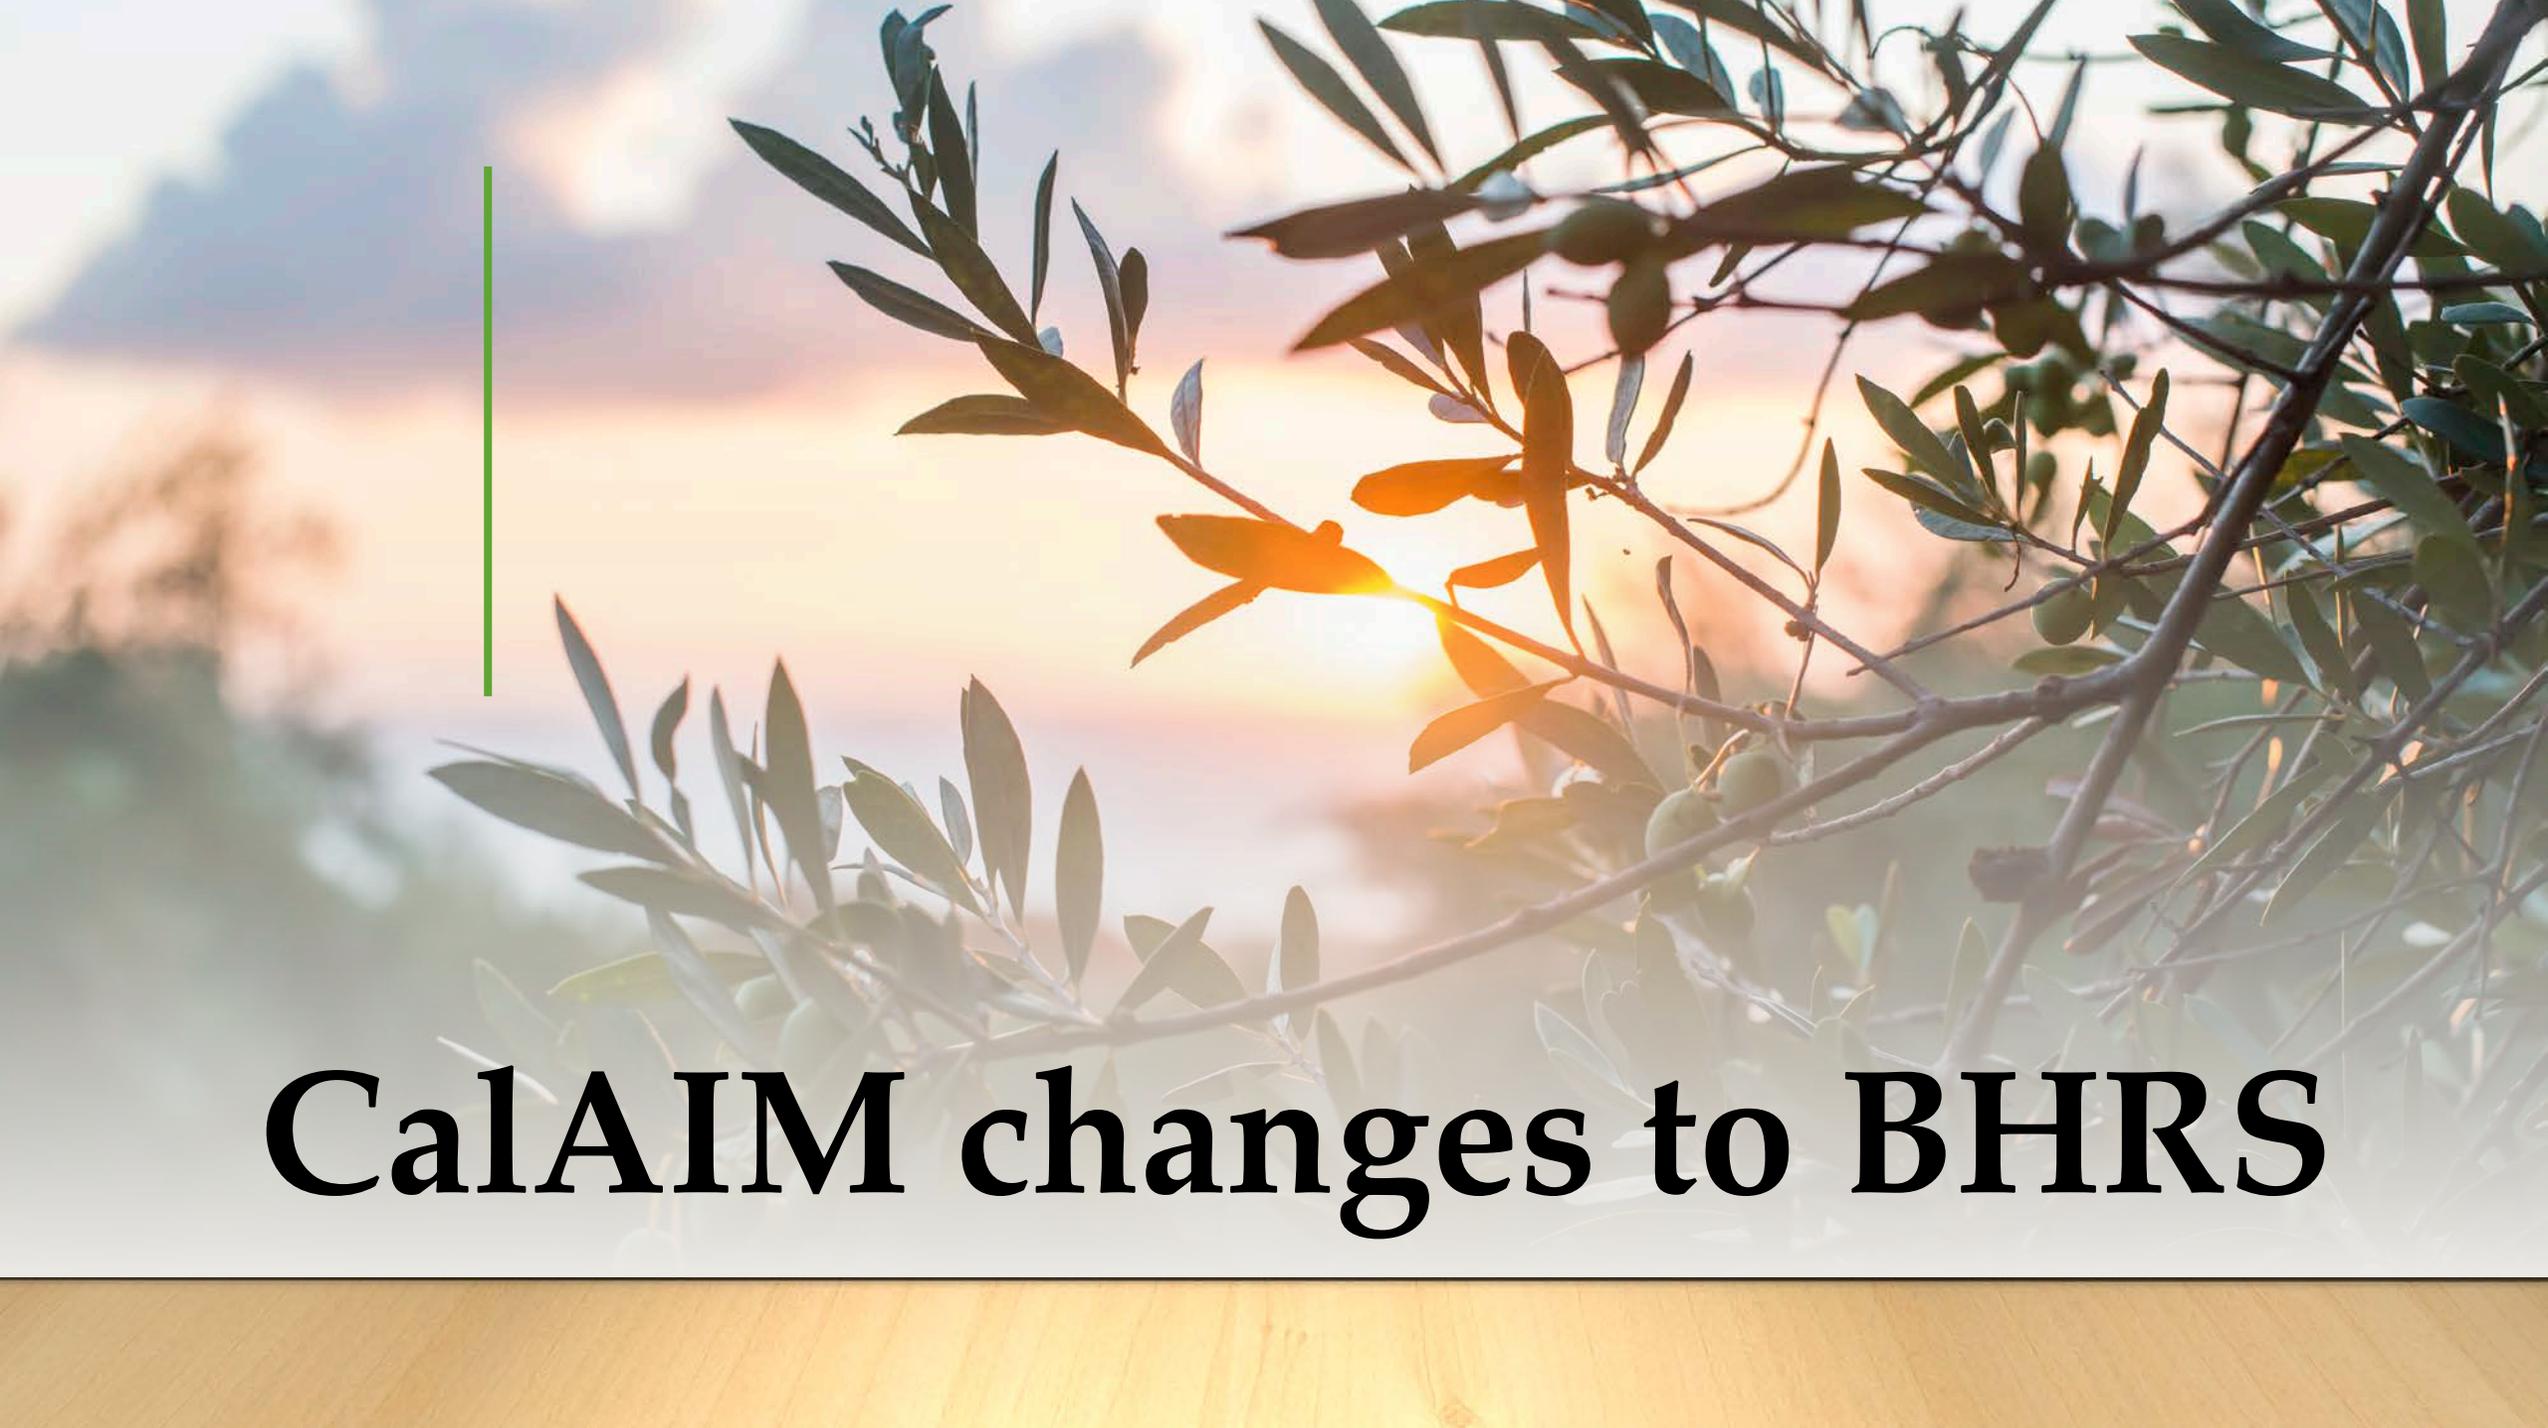

How does BHRS fit into the CalAIM?

The Behavioral Health Components Include:

- Criteria for Specialty Mental Health Services (SMHS)
- Drug Medi-Cal Organized Delivery System (DMC-ODS) Policy Improvements
- Updated Reasons for Recoupment
- Documentation Redesign
- Standardized Screening & Transition Tools
- Behavioral Health Payment Reform
- Behavioral Health Administration Integration

CalAIM changes to BHRS

1. New Progress Note (BHRS & Contractors)

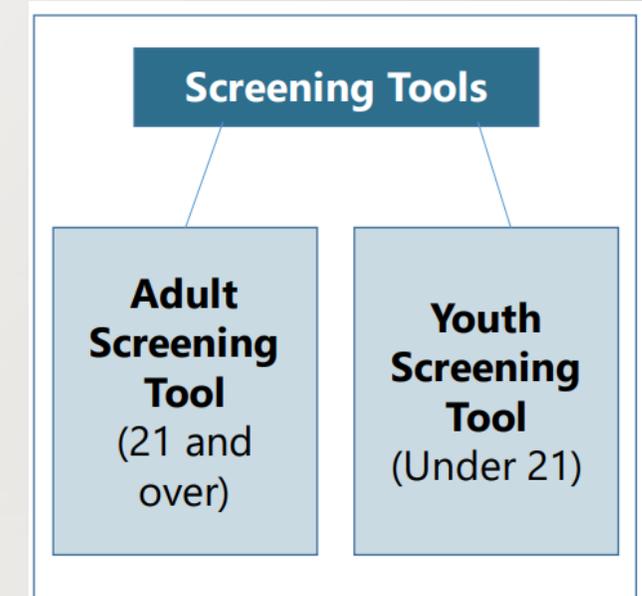

- ❑ New Template
- ❑ New Service Codes –tied to Payment Reform --- starting on July 1st 2023

2. Screening & Transition Tool

- ❑ Determine the appropriate delivery system who are not currently receiving MH services when they contact MCP or MHP
- ❑ Transition Tool (Adult & Youth)

3. Treatment Planning/Problem List

- ❑ Look at what services require a formal treatment plan, treatment plan progress note, and services that do not require a treatment plan
- ❑ Look at the Problem List in Avatar

GIFTCARD

Name one of the Behavioral Health CalAIM components?

A close-up photograph of a camera lens, showing the intricate, curved blades of the aperture. The lens is positioned on the left side of the frame, with a shallow depth of field that blurs the background. The background is filled with soft, out-of-focus bokeh lights in various colors, including yellow, orange, and purple, set against a bright blue sky. The overall composition is artistic and technical, suggesting a focus on visual quality and precision.

Introducing
AVATAR NX

Key features of myAvatar

N X:

- New User Web Interface –enhanced look and feel
- New modern look and feel, intuitive user experience for new and existing users
- Enhanced Widget View
- Enhanced search capabilities on forms and widgets
- Task List allows you to see upcoming tasks listed across time/caseload. Also makes the tasks in this list actionable so you can easily access documentation needed to complete the activity.
- Additional Brower Support

myDay view - A dedicated view that provides a visual breakdown of widget and items requiring action by you, such as today's appointments, individual To Do's, and reminders to yourself.

myActivity pane - is always accessible and provides quick access to your **schedule, To Do's,** and open forms without having to leave the current view, form, or task.

The current Chart View goes away and is replaced by Dashboard
