

Avatar Diagnosis Fields Overview-

Clinical Users

San Mateo County Behavioral Health & Recovery Services

July – August 2015

Background

- The Avatar Diagnosis fields are being updated to comply with the federal government's requirement to utilize the new ICD-10 diagnosis codes beginning October 1, 2015.
- We currently bill using the ICD-9.

Switching Early

- * Starting in August 31, 2015, there will be a new diagnosis fields in the Avatar Assessments.
- * San Mateo will not be switching to DSM 5 until next year, training will be provided to clinical staff concerning this change.

Switching Early

- * All episodes that currently have a diagnosis listed will be updated by QM.
- * All reports that currently have a diagnosis listed will be updated by I.T.

Timeline

August- September

- New Diagnosis Form Trainings Begin

July - Avatar Upgraded

- BHRS updated Avatar with new diagnosis form

October

- Switch to ICD-10 complete
 - All diagnoses updated
 - State is receiving ICD-10 diagnoses with all services

New Features

The main change is the look and feel of the diagnosis fields.

BHRS will continue to use DSM

- * DSM code/description, will map to *ICD-10*.
- * Making it easier to pick the correct DX.
- * Use Crosswalks- If you want to specify more.
