

EAST PALO ALTO

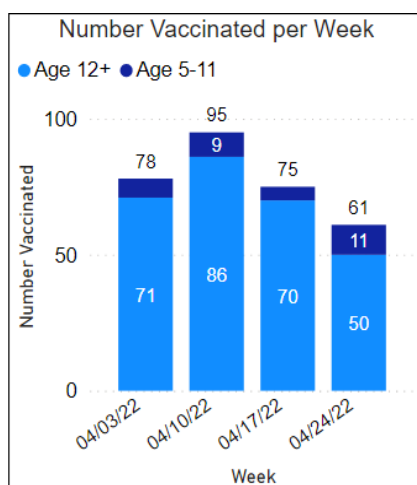

VACCINATION RATES

Graphs cover data through 05/03/22

- Vaccination rates are capped at 95% due to limitations in data precision. County (by race/ethnicity) and County (by geography) graphs use different population denominator sources, resulting in different County vaccination rates. All rates are for 5 years old and up unless otherwise noted.
- Health Equity Quartile (HEQ) is comprised of the Healthy Places Index (HPI) quartiles within the County with the least healthy community conditions, such as low median income, education completeness, and health care access.

COUNTY OPERATIONS

Graph covers 04/03/22 – 04/30/22

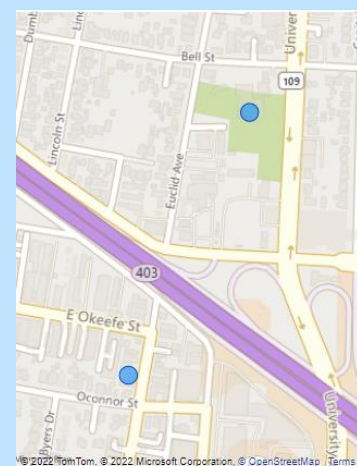

- Vaccinations are also available for San Mateo Medical Center (SMCC) patients at SMCC clinics.

 Age range: 12+

SATURDAYS, 11:00 am - 5:30 pm
 Woodland Apartments
 2021 Euclid Ave, East Palo Alto
 Age range: 5+

WHAT'S NEW

SECOND BOOSTER DOSE ELIGIBILITY

Second COVID-19 boosters are now available to people over the age of 50, immunocompromised individuals, and for adults who received a primary/booster dose of Johnson & Johnson's Janssen vaccine; an mRNA (Moderna/Pfizer) vaccine is recommended. Second boosters are available at all County vaccination clinics, pharmacies and through primary care providers.

ELIGIBILITY OF 6 MONTH-TO-4-YEAR-OLDS

CDC has tentatively announced June review dates for vaccines for ages 6 months to 4 years old. Stay tuned!
