

CURBSIDE FLU CLINICS

FAIR OAKS HEALTH CENTER

Flu season is right around the corner. The best way to protect yourself and your family is to get a flu shot every year. Because there's no vaccine for COVID-19 yet, it's more important than ever to get a flu shot. This will help prevent getting both viruses at the same time and could help keep you out of the hospital.

We're making it easy to stay healthy by offering Curbside Flu Clinics at our Fair Oaks location. An appointment is required. Call (650) 578-7141 today.
