

CURBSIDE FLU CLINICS

SAN MATEO

Flu season is right around the corner. The best way to protect yourself and your family is to get a flu shot every year. Because there's no vaccine for COVID-19 yet, it's more important than ever to get a flu shot. This will help prevent getting both viruses at the same time and could help keep you out of the hospital. We're making it easy to stay healthy by offering curbside flu shots for patients at our San Mateo location.

Appointments are required for curbside flu shots.
