MISSION STATEMENT:
The mission of the San Mateo County Tobacco Education Coalition is to improve and protect the health and well-being of San Mateo County residents through coordinated community planning designed to minimize the use of tobacco products. This campaign includes general public education about the health effects and costs of tobacco use, prevention activities targeted to specific at-risk populations, support for and referral to model smoking cessation programs throughout the county, and the provision of technical assistance and education in support of public policies that discourage tobacco use. In order to best serve and represent the community, efforts will be made to seek out Coalition members to provide equitable representation in terms of gender, race, age, geography, socioeconomic status and organizational size. Membership to the Coalition will represent the diversity of the San Mateo County community.
MEMBERSHIP AGREEMENT:
As a Coalition member, I am committed to the mission and goals of the Coalition, and do not have a conflict of interest, such as ties to the tobacco industry or smokers' rights groups. I am not employed by or have a contractual relationship with (full or part-time) an organization whose activities or policies are in opposition to the Coalition’s mission. I can express my opinions and participate in Coalition decisions by attending full Coalition meetings or serving on task groups or committees. I agree to abide by the Mission of the Coalition and the by-laws and will act in the best interest of the Coalition. I will abide by decisions made at any Coalition meetings even if I was unable to attend.
