DIRECTOR'S REPORT

Advocacy

I received information today that the majority leader in the senate is trying to initiate Rule 14 related to health reform; which essentially fast tracks the potential repeal and replace bill.

If the rule goes in place it will prevent a public process. There would be no expert testimony; this is not the way the process should happen.

There's a call for action through protesting what seems to be a parliamentary procedure for something as critical as health reform in this country.

Serenity House

There's a lot of activity happening around the renovation of the building for Serenity House. This will be our short term crisis residential for adults. We hope to see the opening of the program in August, if everything stays on course.

Go to the link in the handout we gave you and follow the instructions.

Budget

There is a negative impact to us in the State budget. There was a budget cut for counties related to in-home support services. There have been negotiations at the state level on how to make up for this shortfall. All county behavioral health departments will lose money from their 1991 realignment account.

There are two parts to this account; 1) the base funding, 2) the growth funding. This impacts the part that is the growth funding. Next fiscal year what was growth becomes part of your base which is ongoing money. Essentially, in the fiscal year we think we'll lose about \$800-900,000.00. But then we won't have that as part of our base going forward, over the next four years it will be about a \$3.5 million hit.

The good news in terms of our budget that we will present to the BOS in a few weeks, we didn't include that money. We do not need to look for any type of reductions.

Mental Health Association (MHA)

The MHA had the groundbreaking for the Waverly Apartments. It will be a replica of the Cedar Street Apartments which is 15 units.

Liaison, Task Force and Ad Hoc Committees:

There was nothing to report at the time of this meeting.
