00:47:30 Arturo M. Salazar: Visión y Compromiso

Established in 2000, Visión y Compromiso (VyC) is a nationally respected organization dedicated to improving the health and well-being of underrepresented communities. Today, we are the only organization in California providing comprehensive and ongoing leadership development, capacity building, advocacy training, and support to over 4,000 Promotores and Community Health Workers.

Visión y Compromiso is committed to community well-being by supporting Promotores and other grassroots community leaders in California. Our approach invests in the personal and professional development of each promotor as a leader of change who influences her/his own family and surrounding community. Building mutually respectful and trusting relationships with community residents over time has the potential to improve health and expand opportunities in low income and immigrant communities across California.

00:48:15 Arturo M. Salazar: In 2019, Visión y Compromiso launched the Mental Health Advocacy Project in the Bay Area to work directly with our Latino immigrants and refugee communities. The aim of this project was to expand and enhance the provision of culturally and linguistically appropriate mental health programs and services, address the impact of immigration (including possible experiences in immigrants' countries of origin), address the traumatizing climate of fear impacting the mental health and well-being of Latino immigrants and/or refugees and their families, and the mental health impacts of the pandemic.

Our Mental health Advocacy Project will conclude at the end of this fiscal year (June 2022), and we are asking for your support in participating virtually in our provider round table discussion to give us your opinion and thoughts on the multifaceted problems faced by our Latino, immigrant, and refugee community as it pertains to receiving mental health services.

Date and Time:

1. April 20, 2022 San Mateo County

00:48:35 Arturo M. Salazar: If you are able to participate, please reply to this email and we will forward you a zoom link. We thank you for your support and collaboration, which will result in healthy communities, families, and individuals.

Arturo M. Salazar, MSW  
Mental Health Program Manager
