SECTION I - GENERAL INFORMATION

A. STATEMENT OF INTENT
As outlined in more detail in Section II, Scope of Work, this Request for Proposals (RFP) seeks a provider(s) for the ongoing development of a Multi-Cultural Wellness Program (MCWP) for behavioral health clients/consumers and their family members in the Coastside, serving from Half Moon Bay to Pescadero. The organizations should have expertise in providing culturally responsive community-based mental health and substance use services and programming, including peer support groups, art and wellness activities, capacity building, outreach and linkages to behavioral health services and other resources as needed for marginalized ethnic, linguistic and cultural communities in the Coastside region. The target commencement date and term for the proposed services is July 1, 2020 through June 30, 2023, subject to negotiation of a final agreement.

B. ORGANIZATIONAL BACKGROUND
These statements were developed out of a dialogue involving consumers, family members, community members, staff and providers sharing their hopes for the Behavioral Health and Recovery Services (BHRS) Division. The members of the BHRS community agree to support the Vision, Mission and Values, and to strive to demonstrate our commitment to these concepts within our individual and collective responsibilities.

Vision
We envision safer communities for all, where individuals may realize a meaningful life and the challenges of mental health and/or substance use are addressed in a respectful, compassionate, holistic and effective manner. Inclusion and equity are valued and central to our work. Our diverse communities are honored and strengthened because of our differences.

Mission
We provide prevention, treatment and recovery services to inspire hope, resiliency and connection with others to enhance the lives of those affected by mental health and/or substance use challenges. We are dedicated to advancing health and social equity for all people in San Mateo County and for all communities. We are committed to being an organization that values inclusion and equity for all.

Values
• Person and Family Centered
  We promote culturally responsive person-and-family centered recovery.
• **Potential**
  We are inspired by the individuals and families we serve, their achievements and potential for wellness and recovery.

• **Power**
  The people, families, and communities we serve and the members of our workforce guide the care we provide and shape policies and practices.

• **Partnerships**
  We can achieve our mission and progress towards our vision only through mutual and respectful partnerships that enhance our capabilities and build our capacity.

• **Performance**
  We use proven practices, opportunities, and technologies to prevent and/or reduce the impacts of mental illness and addiction and to promote the health of the individuals, families and communities we serve.

The Mental Health Services Act (MHSA) provides funding to Counties for mental health services by imposing a 1% tax on personal income in excess of $1 million. Activities funded by MHSA are grouped into components, and the Community Services and Supports (CSS) component was created to provide linkages and direct services to individuals with severe mental illness and system development efforts focused on recovery and resilience while providing clients and families an integrated service experience. CSS has three service categories: 1) Full Service Partnerships; 2) General System Development Funds; and 3) Outreach and Engagement.

C. **THE REQUEST FOR PROPOSAL PROCESS**

This RFP seeks the submission of proposals to provide services from any and all interested and qualified proposers. The County of San Mateo seeks by way of this RFP to obtain the listed services in a manner that maximizes the quality of services while also maximizing value to the County and, by extension, the citizens of the County. Proposers must be able to show that they are capable of performing the services requested. Such evidence includes, but is not limited to, the respondent's demonstrated competency and experience in delivering services of a similar scope and type and local availability of the proposer's personnel and equipment resources.

**SECTION II – SCOPE OF WORK**

A. **DESCRIPTION**

1. **Service Approach**

   *Trauma-informed.* All six key principles of a trauma-informed approach shall be incorporated into all programming for youth and adults with mental illness and/or
co-occurring substance use challenges and their families: safety, trustworthiness and transparency, peer support, collaboration, empowerment and cultural, historical and gender issues.

Cultural responsiveness. The Coastside is home to marginalized ethnic, cultural and linguistic communities that are largely unserved by County systems and made up of mostly Latino agricultural workers and their families. All programming shall use culturally-based and responsive frameworks, including:

a. Supporting positive perceptions of cultural identity (e.g. National Compadres Network curriculum\(^1\)).
b. Promoting cultural assets including family and community interconnectedness, faith/religiosity/spirituality and familismo, respeto, personalismo\(^2\)).
c. Employing peer-to-peer strategies (e.g. promotores) to reduce stigma, build trust and relationships, and associate with positive role models with lived experience in behavioral health and being from the Coastside community.

Systemic approach. There are systemic and structural challenges that have created ongoing barriers to accessing behavioral health services for isolated Latinos in the Coastside. All programming will be designed to address barriers to accessing services including, but not limited to:

a. Financial assistance
b. Day/time availability of services
c. Cultural responsiveness, including bilingual and bicultural staff
d. Stigma and education/awareness
e. Gaps in services (e.g. evidence-based culturally relevant substance use services, mental health counseling and intervention services for mild to moderate)

Community collaboration. A collaborative, community-based asset approach to the MCWP will allow for leveraging of influence, resources, expertise and capacity to provide services. Services that address cultural, social and service needs of the community will be prioritized. Collaboration and co-location of services within housing, schools, churches and community-based centers helps Latinos establish trusting relationships that can influence their decision to access services\(^3\) and offer ongoing presence and opportunities for community members to engage.

2. Community Needs Assessment
A community needs assessment was conducted between September 2018 and February 2019 that engaged 210 primarily Latino marginalized ethnic, linguistic and cultural youth and adults in the Coastside region including Half Moon Bay, La Honda, El Granada, and Pescadero. Participants were asked to prioritize and identify program considerations for a MCWP, specifically:

a. What services are needed to improve their emotional/mental health.
b. What cultural traditions do they participate in to improve emotional/mental health.
c. What cultural strengths are present in the community.
d. What components should be included in a wellness program to encourage participation and to support emotional/mental health.
e. What day(s)/time(s) services should be made available to be accessible.

The findings of the needs assessment are summarized in Attachment A and were used to inform the requirements of this MCWPRFP.

3. Target Community/Area
The MCWP will primarily target Coastside low-income marginalized groups including Latino immigrant families and Lesbian, Gay, Bisexual, Transgender, and Questioning (LGBTQ+) youth. Latinos make up roughly 30% of the Coastside population, Whites make up over 65% yet, Latinos are the most common group living below the poverty line and it is estimated that as many as 40% may be undocumented. This level of inequity gap between two communities in one region masks the extreme vulnerability when looking at data for the region. Poor, immigrant Latino families in the Coastside struggle with the high cost of living, a need to travel long distances for affordable goods and higher education, disengagement in public services, fear, discrimination and other barriers to accessing services.

A primary location/space will be identified in the northern part of the Coastside (i.e. Half Moon Bay) to serve as a physical space for low-income multiracial, multicultural and multigenerational families to gather and create community, decrease stigma, bring awareness about behavioral health challenges and provide wellness activities, services and linkages. The prospective location(s) should be provided at the time of submission of a response proposal to this RFP. Field-based services will be provided throughout the rest of the Coastside region, specifically to Pescadero Latino migrant farmworkers and their families.

4. Staffing

---

4 United States Census, American Community Survey, https://www.census.gov/programs-surveys/acs/

**Selection of Provider(s).** The selection of a provider will be memorialized in the form of a “County Agreement with Independent Contractor” (Enclosure 1), authorized by a resolution of the County Board of Supervisors and signed by both parties.

The County reserves the right to reject any or all proposals without penalty. The County’s waiver of any deviation in the proposal shall in no way modify the RFP documents or excuse the proposer from full compliance with any eventual contract.

Once a provider is selected, the Agreement with that provider must still be negotiated and submitted to the San Mateo County Board of Supervisors for approval, and there is no contractual agreement between the selected provider unless and until the Board of Supervisors accepts and signs the Agreement. Selection of a proposal for negotiation of contract terms and eventual submission to County leadership by way of an Agreement does not constitute an offer, and proposers acknowledge by submission of a proposal that no agreement is final unless and until approved by the Board of Supervisors.

**Equal Benefits.** Contractor shall comply with all laws relating to the provision of benefits to its employees and their spouses or domestic partners, including, but not limited to, such laws prohibiting discrimination in the provision of such benefits on the basis that the spouse or domestic partner of the Contractor’s employee is of the same or opposite sex as the employee.

**Jury Duty.** The contractor must comply with the County Ordinance requiring that the contractor have and adhere to a written policy that provides its full-time employees who live in San Mateo County with no fewer than five days of regular pay for actual jury service in San Mateo County. This policy may provide that employees deposit any fees received for such jury service with the contractor or that the contractor deduct from the employee’s regular pay the fees received for jury service. See Section 13, Compliance with County Employee Jury Service Ordinance, in the Standard Contract Template enclosure. If the proposer has no employees that qualify for jury duty in San Mateo County, the proposer may satisfy this requirement by providing the County with written confirmation of the fact that (1) it has no such employees and (2) it will comply with the jury service pay ordinance with respect to any future qualifying employees.

**Living Wage.** Unless subject to a specific exemption under the Ordinance, contractors providing services or goods with services must comply with Chapter 2.88 of the San Mateo County Ordinance Code, which is the County of San Mateo Living Wage
Ordinance. Such compliance includes, but is not limited to, paying all Covered Employees the current Living Wage and providing notice to all Covered Employees and Subcontractors as required under the Ordinance. The Ordinance requires a specific Living Wage be paid to employees working on certain contracts. Please see Chapter 2.88 of the San Mateo County Ordinance Code, a copy of which is attached to this RFP, to determine whether your contract is covered by the Ordinance or is exempt.

If the contract is exempt from the Ordinance OR if the proposer has no covered employees under the Ordinance, the proposer may satisfy this requirement by providing the County with written confirmation of the fact that (1) the contract is exempt from the Ordinance or it has no covered employees and (2) it will comply with the Ordinance with respect to any future qualifying employees.

**Insurance**. The County has certain insurance requirements that must be met. In most situations those requirements include the following: the contractor must carry $1,000,000 or more in comprehensive general liability insurance; the contractor must carry motor vehicle liability insurance, and if travel by car is a part of the services being requested, the amount of such coverage must be at least $1,000,000; if the contractor has two or more employees, the contractor must carry the statutory limit for workers’ compensation insurance; if the contractor or its employees maintain a license to perform professional services (e.g., architectural, legal, medical, psychological, etc.), the contractor must carry professional liability insurance; and generally the contractor must name the County and its officers, agents, employees, and servants as additional insured on any such policies (except workers compensation). Depending on the nature of the work being performed, additional requirements may need to be met.

**Incomplete or Late Proposals May be Rejected**. If a proposer fails to satisfy any of the requirements identified in this RFP, the proposer may be considered non-responsive and the proposal may be rejected.

**Contact With County Employees**. As of the issuance date of this RFP and continuing until the final date for submission of proposals, all proposers are specifically directed not to hold meetings, conferences, or technical discussions with any County employee for purposes of responding to this RFP except as otherwise permitted by this RFP. Any proposer found to be acting in any way contrary to this directive may be disqualified from entering into any contract that may result from this RFP.

Proposers should submit questions or concerns about the process as stated above. The proposer should not otherwise ask any County employees questions about the RFP or related issues, either orally or by written communication, unless invited to do so.

**Group Purchasing Organization Participation**. Proposers should keep in mind that the County is a participant in more than one Group Purchasing Organization (GPO), and this RFP is open to those who provide services under a GPO. Proposers should ensure their proposals are as competitive as possible while also providing the highest
quality services in order to be considered a viable provider for the listed services. The County reserves the right to use a GPO provider if doing so is in the County’s best interest, as determined solely by the County, even if that provider does not submit a proposal in response to this RFP.

**Travel Costs.** If the services requested will require you or your employees to travel to the Bay Area, and if the County opts to permit travel expenses to be reimbursed, there are some general guidelines regarding reimbursement rates that will apply. In general, the following restrictions should be kept in mind: reimbursement for the actual cost of lodging, meals, and incidental expenses (“LM&I Expenses”) is limited to the then-current Continental United States (“CONUS”) rate for the location of the work being done (San Mateo/Foster City/Belmont, California), as set forth in the Code of Federal Regulations and as listed by the website of the U.S. General Services Administration (available online by searching [www.gsa.gov](http://www.gsa.gov) for the term ‘CONUS’); airline and car rental travel expenses (“Air & Car Expenses”) are limited to reasonable rates obtained through a cost-competitive travel service (for example, a travel or car-rental website), with air travel restricted to coach fares and car rental rates restricted to the mid-level size range or below; and certain other reasonable travel expenses (“Other Expenses”) such as taxi fares, parking costs, train or subway costs, etc. may be reimbursable on an actual-cost basis. You should not assume that the County will permit travel from the Bay Area to be reimbursed, and your proposal should include such travel costs if applicable. Travel costs should be minimized or eliminated in order for a proposal to be competitive.

**Miscellaneous.** This RFP is not a commitment or contract of any kind. The County reserves the right to pursue any and/or all ideas generated by this RFP. The County reserves the right to reject any and all proposals and/or terminate the RFP process if deemed in the best interest of the County. Further, while every effort has been made to ensure the information presented in this RFP is accurate and thorough, the County assumes no liability for any unintentional errors or omissions in this document. The County reserves the right to waive or modify any requirements of this RFP when it determines that doing so is in the best interest of the County. Finally, the County may revise or clarify aspects of the required services after proposals are submitted by communicating directly to some or all of the providers that submitted proposals.

All responses become the property of the County of San Mateo and will not be returned. The County will not reimburse applicants for any expenses incurred during the development of the response to this RFP.

By submitting a proposal, each proposer certifies that its submission is not the result of collusion or any other activity which would tend to directly or indirectly influence the selection process. The proposal will be used to determine the proposer's capability of rendering the services to be provided. The failure of a proposer to comply fully with the instructions in this RFP may eliminate its proposal from further evaluation as determined in the sole discretion of the County. The County reserves the sole right to evaluate the
contents of proposals submitted in response to this RFP and to select a contractor, if any.

Proposals received late will not be opened or given any consideration for the proposed services unless doing so is deemed to be in the best interest of the County, as determined in the sole discretion of the County.

C. CONFIDENTIALITY OF PROPOSALS

California Government Code Sections 6250 et seq. (the “California Public Records Act” or the “Act”) defines a public record as any writing containing information relating to the conduct of the public business. The Act provides that public records shall be disclosed upon written request and that any citizen has a right to inspect any public record unless the document is exempted from disclosure. The materials submitted in response to this RFP are subject to the California Public Records Act.

Be advised that any contract that eventually arises from this RFP is a public record in its entirety. Also, all information submitted in response to this RFP is itself a public record without exception. Submission of any materials in response to this RFP constitutes a waiver by the submitting party of any claim that the information is protected from disclosure. By submitting materials, (1) you are consenting to release of such materials by the County if requested under the Public Records Act without further notice to you and (2) you agree to indemnify and hold harmless the County for release of such information.

If the County receives a request for any portion of a document submitted in response to this RFP, the County will not assert any privileges that may exist on behalf of the person or entity submitting the proposal, and the County reserves the right to disclose the requested materials without notice to the party who originally submitted the requested material. To the extent consistent with the Public Records Act and applicable case law interpreting those provisions, the County and/or its officers, agents, and employees retain discretion to release or withhold any information submitted in response to this RFP.

Submission of a proposal constitutes a complete waiver of any claims whatsoever against the County and/or its officers, agents, or employees that the County has violated a proposer’s right to privacy, disclosed trade secrets, or caused any damage by allowing the proposal to be inspected.

D. PROPOSAL EVALUATION

All proposals received will be evaluated by an RFP Evaluation Committee. During the evaluation process, the County may require a proposer’s representative to answer specific questions orally and/or in writing. The County may also require a visit to the proposer’s offices, other field visits or observations by County representatives, or demonstrations as part of the overall RFP evaluation. Once a finalist or group of
finalists is selected, additional interactions or information may be required. The most qualified individual or firm will be recommended by the RFP Evaluation Committee based on the overall strength of each proposal, and the evaluation is not restricted to considerations of any single factor such as cost.

Inaccuracy of any information supplied within a proposal or other errors constitute grounds for rejection of the proposal. However, the County may, in its sole discretion, correct errors or contact a proposer for clarification.
Note that the County reserves the right to evaluate proposals solely based on each provider's written submission. In relation to written materials, evaluation will be performed only on the material included directly in the proposal itself unless otherwise indicated or requested by the County. Your proposal must be complete without relying on external websites, sales brochures, marketing materials or white papers.

The County reserves the right to accept proposals other than those with lowest costs.

E. PROPOSAL RECOMMENDATION
The Evaluation Committee will recommend a provider or providers or may recommend that the proposals be rejected. The County will then make its own decision as to whether to accept or reject the recommendations from the Evaluation Committee. Ultimate acceptance or rejection of the recommended proposal and execution of a contractual agreement is the independent prerogative of the County, notwithstanding any recommendations made by the Evaluation Committee. The County reserves the right to negotiate with any provider to finalize an agreement in relation to the proposer's response.

F. NOTICE TO PROPOSERS
The County is not required to give notice to proposers in any specific format or on any particular timeline. At some point prior to execution of a final agreement for the requested services, the County will notify those who submitted proposals of their non-selection. Proposers may be notified at different times depending on the needs of the County.

A protest that merely addresses a single aspect of the selected proposal (for example, comparing the cost of the selected proposal in relation to the non-selected proposal) is not sufficient to support a protest. A successful protest will include sufficient evidence and analysis to support a conclusion that the selected proposal, taken as a whole, is an inferior proposal.

The County will respond to a protest within ten (10) business days of receiving it, and the County may, at its election, set up a meeting with the proposer to discuss the concerns raised by the protest. The decision of the County will be final. The protest letter must be sent as follows:

* * *

Whereas, pursuant to Section 31000 of the California Government Code, County may contract with independent contractors for the furnishing of such services to or for County or any Department thereof; and

Whereas, it is necessary and desirable that Contractor be retained for the purpose of [Enter information here].

Now, therefore, it is agreed by the parties to this Agreement as follows:

1. **Exhibits and Attachments**

The following exhibits and attachments are attached to this Agreement and incorporated into this Agreement by this reference:

- Exhibit A—Services
- Exhibit B—Payments and Rates
- Attachment H—HIPAA Business Associate Requirements *(Complete HIPAA checklist if unsure about Business Associate or Non Business Associate; delete this if not needed; contact County Counsel with questions)*
- Attachment I—§ 504 Compliance *(Delete this if not needed)*
- Attachment IP – Intellectual Property *(Complete IP Questionnaire if unsure/delete this if not needed)*

2. **Services to be performed by Contractor**

In consideration of the payments set forth in this Agreement and in Exhibit B, Contractor shall perform services for County in accordance with the terms, conditions, and specifications set forth in this Agreement and in Exhibit A.

3. **Payments**

In consideration of the services provided by Contractor in accordance with all terms, conditions, and specifications set forth in this Agreement and in Exhibit A, County shall
make payment to Contractor based on the rates and in the manner specified in Exhibit B. County reserves the right to withhold payment if County determines that the quantity or quality of the work performed is unacceptable. In no event shall County’s total fiscal obligation under this Agreement exceed DOLLARS ($___). In the event that the County makes any advance payments, Contractor agrees to refund any amounts in excess of the amount owed by the County at the time of contract termination or expiration. Contractor is not entitled to payment for work not performed as required by this agreement.

4. **Term**

Subject to compliance with all terms and conditions, the term of this Agreement shall be from July 1, 2016 through June 30, 2017.

5. **Termination**

This Agreement may be terminated by Contractor or by the Chief of the Health System or his/her designee at any time without a requirement of good cause upon thirty (30) days’ advance written notice to the other party. Subject to availability of funding, Contractor shall be entitled to receive payment for work/services provided prior to termination of the Agreement. Such payment shall be that prorated portion of the full payment determined by comparing the work/services actually completed to the work/services required by the Agreement.

County may terminate this Agreement or a portion of the services referenced in the Attachments and Exhibits based upon the unavailability of Federal, State, or County funds by providing written notice to Contractor as soon as is reasonably possible after County learns of said unavailability of outside funding.

County may terminate this Agreement for cause. In order to terminate for cause, County must first give Contractor notice of the alleged breach. Contractor shall have five business days after receipt of such notice to respond and a total of ten calendar days after receipt of such notice to cure the alleged breach. If Contractor fails to cure the breach within this period, County may immediately terminate this Agreement without further action. The option available in this paragraph is separate from the ability to terminate without cause with appropriate notice described above. In the event that County provides notice of an alleged breach pursuant to this section, County may, in extreme circumstances, immediately suspend performance of services and payment under this Agreement pending the resolution of the process described in this paragraph. County has sole discretion to determine what constitutes an extreme circumstance for purposes of this paragraph, and County shall use reasonable judgment in making that determination.
6. **Contract Materials**

At the end of this Agreement, or in the event of termination, all finished or unfinished documents, data, studies, maps, photographs, reports, and other written materials (collectively referred to as “contract materials”) prepared by Contractor under this Agreement shall become the property of County and shall be promptly delivered to County. Upon termination, Contractor may make and retain a copy of such contract materials if permitted by law.

7. **Relationship of Parties**

Contractor agrees and understands that the work/services performed under this Agreement are performed as an independent contractor and not as an employee of County and that neither Contractor nor its employees acquire any of the rights, privileges, powers, or advantages of County employees.

8. **Hold Harmless**

   a. **General Hold Harmless**

Contractor shall indemnify and save harmless County and its officers, agents, employees, and servants from all claims, suits, or actions of every name, kind, and description resulting from this Agreement, the performance of any work or services required of Contractor under this Agreement, or payments made pursuant to this Agreement brought for, or on account of, any of the following:

   (A) injuries to or death of any person, including Contractor or its employees/officers/agents;

   (B) damage to any property of any kind whatsoever and to whomsoever belonging;

   (C) any sanctions, penalties, or claims of damages resulting from Contractor’s failure to comply, if applicable, with the requirements set forth in the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and all Federal regulations promulgated thereunder, as amended; or

   (D) any other loss or cost, including but not limited to that caused by the concurrent active or passive negligence of County and/or its officers, agents, employees, or servants. However, Contractor’s duty to indemnify and save harmless under this Section shall not apply to injuries or damage for which County has been found in a court of competent jurisdiction to be solely liable by reason of its own negligence or willful misconduct.
The duty of Contractor to indemnify and save harmless as set forth by this Section shall include the duty to defend as set forth in Section 2778 of the California Civil Code.

b. **Intellectual Property Indemnification** *(You may delete entire IP Indemnification section if not relevant – County Counsel review is not required if section is deleted)*

Contractor hereby certifies that it owns, controls, and/or licenses and retains all right, title, and/or interest in and to any intellectual property it uses in relation to this Agreement, including the design, look, feel, features, source code, content, and/or other technology relating to any part of the services it provides under this Agreement and including all related patents, inventions, trademarks, and copyrights, all applications therefor, and all trade names, service marks, know how, and trade secrets (collectively referred to as “IP Rights”) except as otherwise noted by this Agreement.

Contractor warrants that the services it provides under this Agreement do not infringe, violate, trespass, or constitute the unauthorized use or misappropriation of any IP Rights of any third party. Contractor shall defend, indemnify, and hold harmless County from and against all liabilities, costs, damages, losses, and expenses (including reasonable attorney fees) arising out of or related to any claim by a third party that the services provided under this Agreement infringe or violate any third-party’s IP Rights provided any such right is enforceable in the United States. Contractor’s duty to defend, indemnify, and hold harmless under this Section applies only provided that: (a) County notifies Contractor promptly in writing of any notice of any such third-party claim; (b) County cooperates with Contractor, at Contractor’s expense, in all reasonable respects in connection with the investigation and defense of any such third-party claim; (c) Contractor retains sole control of the defense of any action on any such claim and all negotiations for its settlement or compromise (provided Contractor shall not have the right to settle any criminal action, suit, or proceeding without County’s prior written consent, not to be unreasonably withheld, and provided further that any settlement permitted under this Section shall not impose any financial or other obligation on County, impair any right of County, or contain any stipulation, admission, or acknowledgement of wrongdoing on the part of County without County’s prior written consent, not to be unreasonably withheld); and (d) should services under this Agreement become, or in Contractor’s opinion be likely to become, the subject of such a claim, or in the event such a third party claim or threatened claim causes County’s reasonable use of the services under this Agreement to be seriously endangered or disrupted, Contractor shall, at Contractor’s option and expense, either: (i) procure for County the right to continue using the services without infringement or (ii) replace or modify the services so that they become non-infringing but remain functionally equivalent.
Notwithstanding anything in this Section to the contrary, Contractor will have no obligation or liability to County under this Section to the extent any otherwise covered claim is based upon: (a) any aspects of the services under this Agreement which have been modified by or for County (other than modification performed by, or at the direction of, Contractor) in such a way as to cause the alleged infringement at issue; and/or (b) any aspects of the services under this Agreement which have been used by County in a manner prohibited by this Agreement.

The duty of Contractor to indemnify and save harmless as set forth by this Section shall include the duty to defend as set forth in Section 2778 of the California Civil Code.

9. **Assignability and Subcontracting**

Contractor shall not assign this Agreement or any portion of it to a third party or subcontract with a third party to provide services required by Contractor under this Agreement without the prior written consent of County. Any such assignment or subcontract without County’s prior written consent shall give County the right to automatically and immediately terminate this Agreement without penalty or advance notice.

10. **Insurance**

   a. **General Requirements**

Contractor shall not commence work or be required to commence work under this Agreement unless and until all insurance required under this Section has been obtained and such insurance has been approved by County’s Risk Management, and Contractor shall use diligence to obtain such insurance and to obtain such approval. Contractor shall furnish County with certificates of insurance evidencing the required coverage, and there shall be a specific contractual liability endorsement extending Contractor’s coverage to include the contractual liability assumed by Contractor pursuant to this Agreement. These certificates shall specify or be endorsed to provide that thirty (30) days’ notice must be given, in writing, to County of any pending change in the limits of liability or of any cancellation or modification of the policy.

   b. **Workers’ Compensation and Employer’s Liability Insurance**

Contractor shall have in effect during the entire term of this Agreement workers’ compensation and employer’s liability insurance providing full statutory coverage. In signing this Agreement, Contractor certifies, as required by Section 1861 of the California Labor Code, that (a) it is aware of the provisions of Section 3700 of the California Labor Code, which require every employer to be insured against liability for workers’ compensation or to undertake self-insurance in accordance with the provisions
of the Labor Code, and (b) it will comply with such provisions before commencing the performance of work under this Agreement.

c. Liability Insurance

Contractor shall take out and maintain during the term of this Agreement such bodily injury liability and property damage liability insurance as shall protect Contractor and all of its employees/officers/agents while performing work covered by this Agreement from any and all claims for damages for bodily injury, including accidental death, as well as any and all claims for property damage which may arise from Contractor’s operations under this Agreement, whether such operations be by Contractor, any subcontractor, anyone directly or indirectly employed by either of them, or an agent of either of them. Such insurance shall be combined single limit bodily injury and property damage for each occurrence and shall not be less than the amounts specified below:

- (a) Comprehensive General Liability… $1,000,000
- (b) Motor Vehicle Liability Insurance… $1,000,000
- (c) Professional Liability………………. $1,000,000

You may delete (b) or (c) text if those insurance types are not relevant to your contract – County Counsel review is not required if one or both of those lines are deleted. However, if you are unsure about insurance requirements for your contract – call Risk Management before your contract is executed)

County and its officers, agents, employees, and servants shall be named as additional insured on any such policies of insurance, which shall also contain a provision that (a) the insurance afforded thereby to County and its officers, agents, employees, and servants shall be primary insurance to the full limits of liability of the policy and (b) if the County or its officers, agents, employees, and servants have other insurance against the loss covered by such a policy, such other insurance shall be excess insurance only.

In the event of the breach of any provision of this Section, or in the event any notice is received which indicates any required insurance coverage will be diminished or canceled, County, at its option, may, notwithstanding any other provision of this Agreement to the contrary, immediately declare a material breach of this Agreement and suspend all further work and payment pursuant to this Agreement.

11. Compliance With Laws

All services to be performed by Contractor pursuant to this Agreement shall be performed in accordance with all applicable Federal, State, County, and municipal laws,
ordinances, and regulations, including but not limited to the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Federal Regulations promulgated thereunder, as amended (if applicable), the Business Associate requirements set forth in Attachment H (if attached), the Americans with Disabilities Act of 1990, as amended, and Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of disability in programs and activities receiving any Federal or County financial assistance. Such services shall also be performed in accordance with all applicable ordinances and regulations, including but not limited to appropriate licensure, certification regulations, provisions pertaining to confidentiality of records, and applicable quality assurance regulations. In the event of a conflict between the terms of this Agreement and any applicable State, Federal, County, or municipal law or regulation, the requirements of the applicable law or regulation will take precedence over the requirements set forth in this Agreement.

Further, Contractor certifies that it and all of its subcontractors will adhere to all applicable provisions of Chapter 4.106 of the San Mateo County Ordinance Code, which regulates the use of disposable food service ware. Accordingly, Contractor shall not use any non-recyclable plastic disposable food service ware when providing prepared food on property owned or leased by the County and instead shall use biodegradable, compostable, reusable, or recyclable plastic food service ware on property owned or leased by the County. (This paragraph may be deleted without County Counsel Review if not relevant to this agreement)

Contractor will timely and accurately complete, sign, and submit all necessary documentation of compliance.
