

# San Mateo County Health Equity Initiatives

Culture and community affect our health.

We are building a healthcare system that values our different neighborhoods, languages, schools, and families.

**We carry our history in our bodies. How can we not?**

- Nancy Krieger, *Unnatural Causes*

**Health Equity Initiatives (HEIs)** build wellness and peace of mind in San Mateo County communities. HEIs work with community leaders and Behavioral Health and Recovery Services (BHRS) programs to address community-identified needs. Each Initiative meets monthly to discuss, plan, and implement resources, trainings, workshops, and celebrations.

**Diversity and Equity Council (DEC)** provides a platform for HEIs, BHRS staff, and partner agencies to discuss how culture and community impact health through BHRS policies and practices.

## **Recent Accomplishments**

- Hired bicultural BHRS community outreach workers
- Advocated for San Mateo County Pride Center
- Hosted Black History Month event to build community
- Worked with Philippine Consulate to improve immigrant wellness
- Trained providers to better support Latino clients

**Join us! Help build wellness in your community.**

**All are welcome at HEI & DEC meetings**
