In April, PERT attended the ribbon cutting for the grand re-opening of the remodeled Sheriff's Office's Half Moon Bay substation. It was a fun event that brought together county staff, city staff, and community members.

In May, PERT attended the grand re-opening of El Centro de Libertad's Half Moon Bay office. El Centro is the parent organization of CARES, which is the civilian mobile crisis response team on the coast. PERT has stayed in touch with CARES since training the team in March, and we look forward to continuing our collaboration.
