Why would social distancing measures be used?
Since the start of the spread of coronavirus, social distancing measures will be used early on to slow the spread of the disease and provide our community with the valuable time needed to be better prepared.

What can I do?
Practicing good hygiene habits such as washing your hands and covering your cough will help to stop or slow the spread of many diseases. The San Mateo County Health website (www.smchealth.org) has ‘Wash Your Hands’ and ‘Cover Your Cough’ posters you can download and use.

It is important to follow any social distancing instructions from San Mateo County Health. Please stay informed and plan ahead.
