Update on Zika in South Florida

The CDC has [updated guidance](#) about travel to the Wynwood-designated area. No additional cases of Zika virus infection have been linked to the designated 1.0-square-mile section of the Wynwood neighborhood since early August 2016, and active transmission of Zika virus is no longer ongoing in this area as of 9/18/2016. Pregnant women and partners of pregnant women who are worried about potential exposure to Zika virus may consider postponing nonessential travel to all parts of Miami-Dade County, including the Wynwood area. The guidance issued for the 1.5-square-mile section of Miami Beach [has been expanded](#) to 4.5-square miles due to continued active transmission.

To prevent mosquito-borne diseases, eliminate standing water around your home and take steps to [protect yourself from mosquito bites](#).

DEAD BIRD REPORTING:

- All dead bird reports and pick up should be directed to the California Department of Public Health by:
 - Calling 1-877-WNV-BIRD (877-968-2473), Sunday through Friday, 8 AM—4:30 PM
 - OR
 - Online reporting at: www.westnile.ca.gov/report_wnv.php
- Birds or squirrels which are not picked up within 24 hours should be disposed of in the following manner:
 - Use gloves, a plastic bag, or shovel to pick up the animal
 - Place into an outside trash can
 - Wash your hands
- There is no evidence that the WNV virus can be acquired by handling dead birds or squirrels
