Pathways to Professionalization

for IHSS Workers in San Francisco, San Mateo, and Santa Clara Counties

Training Benefits

- Gain new skills
- Reduce stress & depression
- Socialize with other caregivers
- Improve quality of care for consumers
- Learn online anytime & anywhere, at your convenience

In partnership with:

SFIHSS

Eligibility:

You must be a current IHSS caregiver living in either San Francisco, San Mateo, or Santa Clara County, with a care recipient who also resides in one of these counties.

ADRD: Caregivers must be caring for a consumer at least 50 years of age and showing signs of memory loss or cognitive decline.

EDR: Caregivers must live in an environmentally impacted neighborhood and CCA will verify using CalEnviroScreen.

Career Advancement Opportunities:

Graduates of these courses may be eligible for CCA-sponsored Certified Nursing Assistant (CNA) training to prepare for CNA certification. Please note: the potential to earn up to a \$5/hour wage increase applies only when working in the CNA field and is not part of the IHSS pay rate.
